

DAILY DEMOCRAT-FORUM

Largest Circulation of any Daily Paper in any Missouri Town of 5000 Population

VOLUME 3.

MARYVILLE, MISSOURI, MONDAY MARCH 10, 1913.

NO. 240.

VOTED 17 TO 24

INCORPORATION BEATEN AT TELEPHONE MEETING SATURDAY.

TO TRY IT AGAIN LATER

Only Forty-One Lines Represented and Those in Favor of Incorporation Hope to Win Next Time.

Incorporation was defeated late Saturday afternoon at the Farmers telephone meeting in the circuit court room by a vote of 17 in favor to 24 against, after much discussion of the proposition. The plan of incorporating the telephone company has been up for some time, and it is said that had all of the sixty lines been represented at the meeting Saturday the proposition would have carried. As it was only forty-one lines were represented.

The incorporating proposition will come up again before the company at a later date.

Three new members of the board of directors of the telephone company were elected. They were William Moring, Mike McGittigan, and Mike Sherlock. The three members whose terms were out and declined to serve on the board again were W. A. White, A. S. Watson and John R. Evans.

At the meeting of the new board, held after the meeting, Wm. Moring was elected president, Mike McGittigan, secretary, and Mike Sherlock, treasurer. The other members of the board are Ernest Wray, J. V. Lynch, H. W. Hull and W. A. Burris. The board of directors will meet again next Saturday.

CONVENTION MARCH 22.

Independence Township to Meet That Day at Gaynor City, and Also at Parnell.

W. E. Johnston of Independence, who is now the member of the Democratic county committee from that township, having been selected by John M. Dawson, county chairman, to fill out the unexpired term of Roy Fitzsimmons, who moved to Jefferson township, was in the city Monday. Mr. Johnston requested this paper to state that on Saturday afternoon, March 22, there will be mass township conventions held in Independence. The Democrats of South Independence will meet at Parnell, and the Democrats of North Independence will meet at Gaynor City. There will be a telephone between the two conventions, and if there is more than one candidate for any one township office at Parnell they will be telephoned to Gaynor and the people there will vote on them. The reason the convention was not held at one place is because the township is so big that not many people would turn out from the outer edges of the township.

TO REPAIR COUNTY JAIL.

County Court Let Contract for Work at Jail to W. B. Lemon.

The county court at its meeting Saturday entered into an agreement with W. B. Lemon for some repair work at the county jail. The guard room and the two front halls are to be tinted and all of the old paper removed. The woodwork will be painted.

The court adjourned Saturday to meet on Friday, when a settlement will be made with County Treasurer Williams. Mr. Williams' term as treasurer will expire April 1, and this settlement will be the last one to be made by him. W. R. Tilson will take the office at that time.

TO GIVE A CONCERT.

The Maryville Band to Give Their First One March 20 at Empire.

The Maryville band, under the direction of T. B. Maulding, their new leader, will give a concert on Thursday evening, March 20, at the Empire theater. This will be the first appearance of the band, and the concert will, no doubt, be largely attended. Mr. Maulding has been director of the band for the past few weeks, and the band has been hard at work practicing, and some new players have been added. Harold Maulding, the son of the director of the band, is a new member and is a good clarinet player. The prices of admission will be 25 and 35 cents.

SELECT SEED NOW

GET YOUR CORN PLANTER READY, ALSO.

GRADE BEFORE SHELLING

Corn Man at Washington Says Corn Should Be Shelled by Hand and Graded Before Shelling.

C. P. Hartley, physiologist in charge of corn investigation, United States department of agriculture, at Washington, D. C., has written the following article about grading, testing and shelling seed corn, which will be of interest to the farmers of this county:

Take time by the forelock and get the seed corn and the corn planter ready for operation now before the rush of the other spring work. The soil and the seed are two prime requisites of a profitable corn crop. At this time of the year there are many days when weather or soil conditions prevent plowing or other field work that can profitably be used in improving the quality of the seed corn. The seed supply can be improved in quality and productiveness by discarding the poor ears and the poor kernels.

The best time to grade seed corn is before shelling. The office of corn investigations of the U. S. department of agriculture proved by careful field experiments that an ear having kernels of undesirable shapes produces ears most of which have kernels of undesirable shapes. All ears that are undesirable for one reason or another should be discarded before making germination tests.

At this season for several years past a number of satisfactory means have been described for testing the germination of a few kernels from each seed ear. Those who have neglected to take good care of their seed corn may now find "dead" ears among their supply. In such cases it will be profitable to test the germination of each ear separately. Where well adapted varieties are grown that properly mature before frost, poor germination has never been found among ears selected as soon as matured and cared for properly. Those who have given their seed proper care should pick out 100 representative ears and make a germination test of ten grains from each ear. If these ears germinate well it is not necessary to test the balance of the seed supply.

Before shelling the small kernels should be discarded from an inch or more off the tips of the ears. Accurate field tests have proved these small kernels to be less productive than the fully developed kernels of the same ears. The thick, irregularly shaped kernels should also be discarded from the butts of the ears. These kernels produce satisfactorily, but their size or shape prevents the corn planter from dropping them satisfactorily. It is convenient to nub the entire supply of ears before the shelling process is begun.

Many farmers who plant twenty or forty acres of corn, carefully shell their seed by hand and are profited by so doing. A few remarkably successful extensive corn growers shell hundreds of bushels by hand. Where much seed is required there is a strong temptation to run it through the corn sheller. Hand shelling is profitable for the small farmer, and therefore more profitable for the extensive farmer. The sheller breaks or cracks some of the kernels, and there is not the opportunity of examining kernels from different portions of each ear as in shelling by hand. After being nubbled the proper way to shell the seed ears is to shell by hand, one ear at a time, into a sieve that will let the chaff fall through and leave all the kernels from the ear in plain view for inspection. If unsatisfactory, all the kernels can be easily discarded and another ear shelled. The ears should

(Continued on Page 2)

REDEEM PLEDGES HOLT TAKEN AWAY

MISSOURI LEGISLATURE CARRIES OUT PLATFORM PROMISES.

ONLY 2 WEEKS REMAIN

The Record of Present Legislature is a Great One and An Honor to Democratic Party.

With less than two weeks remaining in which to pass laws, the Missouri legislature, which is Democratic, already has written more advanced legislation upon the statute books of the state than any previous legislature.

Practically every important platform pledge of the Democrats has been fulfilled or is in the way of fulfillment except one, the workmen's compensation act.

Some of the important pledges of the Democratic platform already enacted into law are:

A public utilities act creating a state commission.

The county unit local option bill, bringing near prohibition to Missouri.

Home rule for St. Louis with removal powers reserved to the governor. This had been pledged by both parties for ten years.

A municipal primary election was provided for St. Louis which had none.

A drastic white slave law which was written by the W. C. T. U. and other women's organizations of the state.

The ratification of the amendment to the federal constitution providing for the direct election of United States senators.

The Kinney bill opening the night schools of the cities to persons more than 21 years of age. This is to give the foreigners especially a chance at free education.

Two resolutions now are pending before the legislature for adjournment. One sets the date for noon a week from Thursday. The second resolution provides for adjournment a week from next Saturday. Although many pledges already have been redeemed the next two weeks will see many bills of great importance passed or defeated.

The administration good roads program, with the exception of one bill, either has passed the house or senate already. It is believed that this program will all be enacted into law by the end of this week. It incorporates four general and several supplementary bills. The road bills in the program are:

The creation of a state highway department.

The submission of a mill tax to a vote of the people, which, if adopted, will raise a road fund of nearly 2 million dollars each year.

A new benefit road district law which will make possible the sale of rock road bonds issued by such districts.

An interconnecting system of state dragged roads of about nine thousand miles in all to be laid out and dragged as state roads.

One of the most important bills that will come up this week is the Boyd bill extending the provisions of the nine-hour labor law for women to every occupation at which women work except domestics. It includes telephone girls, stenographers and waitresses in restaurants. The bill has passed the house and now is pending in the senate. The telephone companies are fighting it stubbornly but it is believed it will pass.

Other important measures that will come up this week are:

The women's suffrage amendment, submitting suffrage to a vote.

A series of educational bills to improve the condition of Missouri's rural schools.

A series of drainage bills making possible drainage and flood protection for the overflow country of Southeast Missouri.

A "blue sky" bill patterned after the Kansas law.

Will Build Modern Cottage.

Mr. and Mrs. John Mahoney have purchased the building lot opposite the residence of their daughter, Mrs. Margaret Dougan, 722 East First street, and will build a modern cottage for themselves as soon as spring opens. Mr. and Mrs. Mahoney have concluded to give up farm life permanently, having leased their farm, southeast of the city, to John Gross.

Returned From Omaha.

Mr. and Mrs. Rankin Lyle returned Friday night from Omaha, where they spent the winter with their daughter, Mrs. Merrill Alderman, and her husband.

IF GOVERNOR SIGNS BILL CIRCUIT WILL BE SMALLER.

ADDED TO THE FIFTH

Fourth District Was Too Large and Court Business Increased So Fast Judge Couldn't Attend to It.

The bill adding Holt county to the fifth judicial district has passed both the house and senate at Jefferson City, and all that remains for it to become a law is for Governor Major to sign the bill.

As it is now the fourth judicial circuit is too large, and there is too much work for one circuit judge to attend to. The counties now in the district are Nodaway, Atchison, Holt, Worth and Gentry. So it was decided to add Holt county to the fifth judicial district, Judge Burns being circuit judge of that district.

The new district will be slightly Democratic.

The change in the judicial circuit was much needed and members of the bar of the various counties were in favor of it. The Nodaway county circuit court terms are getting bigger. The November term of the court adjourned about the latter part of January, and then there was the February term, which has run eighteen days.

TO HAVE BIG RALLY

At the Man-and-Boy Banquet at Presbyterian Church Tuesday Evening.

The man-and-boy banquet which the Presbyterian Men's club will give Tuesday night at 6:30 o'clock is to be an occasion of "getting together" for all the men of the church. Every man will have as his guest one of the church boys. This will give the boys a chance to feel sure-enough grown up, and permit the men to turn back the clock of time a little. The ladies will serve the following menu:

Roast Beef with Gravy.
Scalloped Corn. Creamed Potatoes.
Light Rolls. Cranberry Jelly.
Slaw. Salad.
Pickles. Olives.
Pie. Coffee.

Mrs. Roy Curfman will contribute several piano numbers during the meal. After dinner the club will elect new officers for the ensuing church year. Then the toastmaster for the evening, Mr. Wm. G. Sawyers, will take charge of the after-dinner program. He will introduce Mr. J. I. Hoffman, secretary of the Commercial club, who will answer the question, "What Can the Men's Club Do to Help Build Up the Town?" Mr. Fred Hutchison will then speak on "The Boy and the Young Man in the Church." Mr. Van Cleave will be the last speaker, and his subject will be "The Inauguration of Two Presbyterian Elders as President and Vice President." Any one who has not already reserved his place can do so by phoning Mr. D. E. Hotchkin, who is chairman of the banquet committee.

MRS. JOHN M. HORTON.

Buffalo (N. Y.) Woman Who Is Candidate For Head Of the National D. A. R.

HAS NEW QUARTERS.

The Commercial Club Now Located in the Empire Theater Building.

The Commercial club has new quarters, having leased the rest room in the Empire theater building. The room will be repaired for the club. The club has had rooms in the Roseberry building, over the Alderman dry goods store, and the change was made as the new location is more desirable. New furniture will be purchased by the club, and the secretary, John I. Hoffman, will be found at the club room during the greater part of the day. The club will move the first part of this week.

The Sphinx club will occupy the old club rooms.

PLACE BAN ON CUPS

PUBLIC DRINKING UTENSIL IN SCHOOLS MUST GO.

MARCH FIRST THE DATE

State Board of Health Orders Them Out of All Public Schools in the State.

The public school buildings, such as the city school buildings and rural school buildings and other public school buildings, will have to do away with the common drinking cup, the public towel and the public comb and brush, according to an order of the Missouri state board of health. The order was sent to County Superintendent of Schools Oakerson and will go into effect March 1, when all schools will have to do away with these public towels and cups.

The order of the state board of health follows:

Whereas, It has been conclusively demonstrated and is a matter of scientific, as well as general knowledge, that the use of what is usually known as the common drinking cup, the public towel, and the public comb and brush are dangerous and a menace to the public health, in that infectious diseases are communicated through these means.

Therefore, be it ruled by the Missouri state board of health that the use of any common drinking cup or other utensil ordinarily used for public drinking purposes in school buildings and all public buildings is prohibited.

It is further ruled that the use of the public towel in school buildings and all public buildings is prohibited.

It is further ruled that the use of the public comb and brush in school buildings and all public buildings is prohibited.

It is further ruled that no persons or corporation in charge of or control of any school building or other public building shall permit the use of the common drinking cup, or other utensil used for that purpose, or the public towel, or the public comb and brush. Such drinking cup, or other utensil used for drinking purposes, or public towel, or comb and brush shall not be placed in school buildings or other public buildings, neither shall the same be furnished to the public for common use, by persons in control of school buildings or other public buildings, or by employees in such buildings.

The Missouri state board of health recommends that those in charge of school buildings and other public buildings provide for the public, individual utensils for drinking purposes. It also recommends that individual towels be provided for the public in the lavatories of school buildings and other public buildings.

Be it further resolved that the above requirements shall become effective March 1, 1913.

FRANK B. MILLER, M. D., Sec'y Missouri State Board of Health.

DR. TAYLOR LED CHAPEL.

Normal President Received Ovation From Students When He Appeared On Platform.

Chapel was held in the auditorium at the Normal Monday morning for the first time since last fall. It has been impossible to heat the large hall during the cold weather, and chapel has been held in divisions in the different class rooms. President Taylor, who returned Saturday night from a three weeks' trip, had charge of the exercises, and when he appeared on the platform he was greeted with applause and nine rousing cheers by the students and faculty.

The enrollment reached the 200 mark Monday morning and bids fair to exceed that number by about 25.

2 YEAR SENTENCE

PENITENTIARY FOR FORGING FOR CECIL STACKHOUSE.

AN OFFER FOR PAROLE

If Conception Boy Can Raise Money to Make Up Forgery and Fine He May Be Paroled.

Cecil Stackhouse, who was caught at Monterey, Cal., and brought back to Maryville by Sheriff Tilson last December, wanted here on a charge of forgery, was given a sentence of two years in the penitentiary Monday afternoon by the court, when the young man pleaded guilty. The court said that he would entertain a motion for a parole on condition that he would pay all costs in the case, such as going after him, and also to make good \$90, being the amount the check was raised for. The total costs will amount to \$300 or over, and it is thought the young man will be unable to raise this.

Stackhouse is a Conception boy and is about 20 years old. He was charged with raising a check from \$2 to \$92, and it took many months to locate him.

Thomas Gugerty, common assault, bail fixed at \$200 and cause continued. Gugerty pleaded not guilty when arraigned in court Monday.

C. H. Schaaf, perjury, cause continued to next term.

People's bank of Maitland, interpleader in case of W. T. Jackson vs. G. W. Anderson, interplea, report of J. H. Saylor as referee confirmed and approved and judgment accordingly. The interpleader files motion for a new trial.

Alma Anderson, interpleader in case of W. T. Jackson vs. G. W. Anderson, interplea, interpleader's motion for a new trial overruled. An appeal was taken to the K. C. court of appeals, which was granted.

U. S. Tracy vs. J. H. Poynter, contract, order of dismissal set aside and cause continued.

In the matter of the estate of James O'Donnell, deceased, James B. Robinson, executor, appeal from probate court, the court after hearing evidence made the same finding as the probate court. An appeal was granted to the Kansas City court of appeals.

The Nodaway County Chautauqua association was duly incorporated Monday.

DEATH AT PARNELL.

Mrs. Susan Logan Passed Away Saturday Afternoon After a Long Illness—Funeral Sunday.

Mrs. Susan Logan, an old resident of Parnell, died at her home there Saturday afternoon at 2 o'clock, after an illness of several months of a complication of diseases.

The funeral services were held Sunday afternoon at the M. P. church, by Rev. C. R. Green of the Harmony church. The pallbearers were Charles Sisson, Otis Gray, Hosea Frawley, Samuel Taylor, Charles C. Evans, W. N. Morgan.

Mrs. Morgan's maiden name was Susan Nigh. She was born near Lancaster, O., July 29, 1842, moving to Illinois in 1863. She was married to Samuel Logan July 1, 1866, at Dallas City, Ill. In the fall of 1870 Mr. and Mrs. Logan came to Nodaway county, Missouri, and settled on a farm near Parnell, living there until ten years ago, when they went to Parnell to live. Five children were born to them, four of whom are living—W. H. Logan of Wray, Col.; Mrs. Nina Kentard of Sheridan, C. E. and G. T. Logan of Parnell.

Mrs. Logan had been a member of the M. P. church for thirty-three years and was loved and respected by all who knew her for her genuine Christian life.

Mr. Van Cleave Back From Washington.

W. C. Van Cleave of The Democrat-Forum, who has been a bill clerk in the house of representatives at Washington, D. C., returned to his home in this city Monday morning.

A party composed of H. L. Raines, Joseph Jackson, Jr., Paul Sisson and Roy Curfman left Monday noon for Bigelow, Mo., where they are to hunt for a few days.

REPUBLICAN CANDIDATES.

Township Collector.

I am a candidate for the office of collector
for Polk Township, subject to the
action of the Republican nominating
convention.
ORVILLE A. BENNETT.

ONLY NEEDS BURYING.

Cy Leland, former Republican politician
of Kansas, says:
"The Republican party is dead. It
cannot regain its feet. How can it
get together; what can it claim it has
done except raise hell? There are no
longer leaders in the Republican party.
The strong men, the old fellows,
have gone out of politics; they have
retired. The young, strong men have
gone over to the Progressive party.
The Republican party cannot get away
from the last thirty years; those years
hang like a millstone around its neck;
those years of giving to the factories
and the corporations all they wanted
in the way of tariffs. The downfall
of the Republican party has been due
to men who were too fat to think. It
has gone the way of all flesh."

SELECT SEED NOW

(Continued from Page 1)

not be shelled directly into the general
seed supply, for it would then be difficult
to separate and discard the undesirable
kernels.

If the corn planter gave trouble last
spring better order a new one now. A
poor corn planter is an expensive implement
to use. Even though the planter
dropped satisfactorily last year, it
should be tested with this year's seed
supply before planting time arrives.
The kernels of a variety of corn frequently
vary in size from season to season,
and different plates may be needed
this year from those used satisfactorily
last year.

Under favorable field conditions 19
or 20 per cent of the kernels or young
stalks are destroyed. Where extensive
plantings are made with first class
seed and thinning is impracticable
about five kernels should be planted
for every four stalks desired. Where
help is obtainable that will attend
properly to the thinning, it is more
profitable to plant twice as many
kernels as stalks desired and thin out
the weak plants as soon as they become
too large and hard to be destroyed
by cutworms.

UNIT BILL DEFECT IS FOUND.

Wets Contend Amendment Not Properly
Made in House Measure—
Won't Stand, They Say.

Jefferson City, March 8.—The wet
forces of the senate and the house are
declaring that there is a defect in the
county unit bill which will cause it to
be knocked out, if it is ever subjected
to a court test.

It is stated that when the present
local option law was amended by Hay
to make a county unit proposition out
of it no provision was made to amend
the form of the ballot that is to be
submitted to voters and therefore the
new act conflicts with itself.

Section 7238 of the present law was
amended by adding to the provision
that "no liquor shall be sold" in the
county, the further restriction that no
intoxicants are to be "furnished or
given away."

Section 7241, which provides for the
form of the ballot and specifying it
shall read two ways, one "against the
sale of intoxicating liquor," and the
other "for the sale of intoxicating
liquor." It is argued ought to have
been changed by inserting to the selling
and anti-selling clause the words,
"furnished or given away."

It is further averred that other sections
ought to have been amended in the
same way.

The senate bill of Craig, which is
the same as the house measure that
passed, is still pending and the dyes,
if the omissions in the section providing
for the form of the ballot are fatal,
can drag it out, make the changes
and pass it, but the same fight
which marked the passage of the
house act would again follow in both
bodies.

ANNUAL MEETING APRIL 12.

**Farmers Mutual Fire and Lightning
Insurance Company to Increase
Limit on Single Risks.**

The Nodaway County Farmers Mutual
Fire and Lightning Insurance
company will hold their annual meeting
in Maryville on April 12. At this
meeting the plan to increase the limit
on single risks to an amount greater
than \$2,000, as it is at present, but not
to exceed \$3,000, will be taken up. The
board of directors of the company are
J. L. Hepburn of Hopkins, president;
C. D. Hocker, Gullford, vice president;
A. Shiel, Burlington Junction, secretary;
William Woods, Burlington
Junction, treasurer; U. L. Wilson,
Maryville; Wm. M. Blackford, Clearmont;
R. B. Gex, Graham; Dr. E. W.
Bishop, Ravenwood, and D. A. Northover,
Hopkins.

MORE DEATHS THAN BIRTHS.

Maryville Had Seven Deaths and Three
Births—Polk Had Four Births
and Two Deaths.

According to the February report of
Dr. F. R. Anthony, who is keeping the
report of the births and deaths for
Polk township, this township had
seven births and nine deaths. In
Maryville there were seven deaths and
three births. In the township outside
of Maryville there were two deaths
and four births.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapiesin" Gets
in Stomach All Distress is Gone.

"Really does" put bad stomachs in
order—"really does" overcome indigestion,
dyspepsia, gas, heartburn and
sourness in five minutes—that—just
that—makes Pape's Diapiesin the
largest selling stomach regulator in
the world. If what you eat ferments
into stubborn lumps, you belch gas and
eructate sour, undigested food and
acid; head is dizzy and aches; breath
foul; tongue coated; your insides
filled with bile and indigestible waste,
remember the moment Diapiesin
comes in contact with the stomach all
such distress vanishes. It's truly astonishing—almost marvelous, and the
joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin
will give you a hundred dollars' worth
of satisfaction or your druggist hands you
your money back.

It's worth its weight in gold to men
and women who can't get their stomachs
regulated. It belongs in your home—should
always be kept handy in case of a sick, sour,
upset stomach during the day or at night. It's
the quickest, surest and most harmless
stomach doctor in the world.—Advertisement.

BEN CARSON SUED FOR DIVORCE.

He is Now in the Federal Penitentiary
at Leavenworth, Kan., Having a
Two-Year Sentence.

A suit for divorce was filed late Saturday
afternoon by W. E. Wiles, attorney
for Edna Carson against Ben F. Carson.
The defendant is well known in Maryville,
especially to the police authorities.

The petition states that they were
married September 28, 1909, and the
defendant has abandoned and deserted
the plaintiff for one year. The petition
further states that the defendant was
convicted of violation of the white slave
law in United States district court at
St. Joseph and was given a sentence of
two years in the federal penitentiary at
Leavenworth, Kan., and he is now in that
institution. The petition further alleges that
the defendant lived with Lottie Pool in
Maryville for a week during last summer.

A divorce is prayed for and the care
and custody of a minor child, who is
3 years old. The case will come up at
the June term of court.

QUARANTINE LIFTED.

Skidmore Schools Opened Monday
Morning—All Danger Seems
Past of Smallpox.

Miss Leona Badger of Barnard, principal
of the high school at Skidmore, who has
been visiting her parents in Barnard for
the past two weeks, returned to Skidmore
Sunday night. The quarantine on account
of smallpox has been lifted and the school
there resumed work Monday morning. There
seems to be no further danger of the
spread of the disease as every precaution
was taken when the disease first
appeared to prevent the spread of the
contagion. The citizens of Skidmore
abided by the restrictions placed upon
them by the town board. Everybody
remained at home, children were not
allowed to visit other children, and
there were no errands made to town
except by older members of the family.
All public meeting places were closed,
and on account of this sensible
view of the situation no one was
exposed to smallpox and there have
been no new cases.

Short Courses Are Popular.

During the past winter 308 students
attended the various short courses
given by the Missouri college of agriculture.
These students came from
eighty-seven counties of Missouri and
from five other states. They were enrolled
in the two-year winter course, in the
short course for women, the short course
in dairying and the special poultry course.
The last three courses are new, and the
attendance was relatively small.

The first short course in agriculture
at the Missouri college was offered
seventeen years ago. In this period of
time 1880 students, representing practically
every county in the state, have attended
some of these courses.

In 1909 the two-year winter course,
consisting of two winters of fourteen
weeks each, was organized. Each winter
is divided into two terms of seven weeks,
and each term is a unit by itself. Students
who complete the work of all four terms
are given a certificate. One of the most
satisfactory indications of progress in this
course is the fact that each year a larger
number of students return to complete
the course and receive certificates. At
the close of the present session thirty-three
students will receive certificates of graduation.

meet Wednesday afternoon at the
home of Mrs. John Lorange.

Dressmakers Club to Meet.

The Dressmakers club will meet
Tuesday evening at the home of Miss
Emma Shroyer.

Shakespearean Meeting Tuesday.

The Shakespeare department of the
Twentieth Century club will meet with
Mrs. Ferdinand Townsend Tuesday
afternoon.

Eastern Star Meeting.

The Eastern Star will meet Tuesday
evening at 7:30 o'clock in Masonic
hall. All officers especially will please
take notice, as there will be initiation
ceremonies.

Miss Shoemaker's Guest.

Miss Louise Sallander of Ft. Madison,
Iowa, visited in Maryville from
Friday evening until Sunday night,
with Miss Esther Shoemaker, and
attended the tea given Saturday afternoon
by Miss Mae Orear in Miss Shoemaker's
home.

Luncheon and Party for Bride Elect.

The Young Ladies' Bridge club will
give a luncheon Tuesday afternoon at
the Elks' club complimentary to Miss
Esther Shoemaker. On Tuesday evening
Miss Shoemaker will be the honor
guest at a party to be given by Miss
Mae Corwin and Miss Dora Carpenter
at Miss Carpenter's home.

Her Fifth Birthday.

Mrs. Leslie E. Dear, entertained a
company of little folks Saturday afternoon
in honor of the fifth birthday anniversary
of her daughter, Virginia Belle. All
had a fine time playing games, and a
pretty luncheon in pink and white
and the white birthday cake with five
pink candles upon it were beautiful
and delightful to them.

Her Fourteenth Birthday.

Mrs. C. L. Gann entertained Saturday
afternoon to celebrate the fourteenth
birthday anniversary of her niece,
Miss Elizabeth Leet. The guests occupied
themselves with playing progressive
games, Miss Mary Carpenter winning
the prize. A luncheon in pink and
white was served. The guests were
Misses Katherine, Lillian and Mary
Carpenter, Laura Craig, Marguerite
Cummings, Virginia Robinson and
Mary Wooldridge.

Her Seventh Birthday.

Mrs. George Eisenman, 1010 East
Cooper street, entertained a number of
the little friends of her daughter, Zora
May, Sunday afternoon, in celebration
of her seventh birthday anniversary.
The honor guest received quite a number
of nice presents and all had a nice
time the entire afternoon. Popcorn
and candy were served with the birthday
cake. The guests were Thelma and
Helen Cozad, Mildred Hudson,
Ruth Fite, Merl and Herschel Fite,
Earl and Velma Eisenman.

P. E. O. Elected Officers.

The P. E. O. chapter elected Miss
Nelle Conrad for its president last
Saturday afternoon, when the annual
meeting took place at the home of Mrs.
C. C. Corwin. The other officers chosen
were Mrs. J. D. Richey, vice president;
Miss Fannie Hope, recording secretary;
Mrs. W. A. Miller, corresponding secretary;
Miss Carrie Hopkins, chaplain; Miss Nelle
Hudson, guard. Other business was transacted.
The hostess asked her guests to remain
awhile at the close of the meeting, and
surprised them with a luncheon which
she and Mrs. Allender had prepared,
which is not the P. E. O. custom at
business meetings.

Birthday Dinner Party.

Mrs. O. W. Swinford gave a dinner
Sunday in honor of Mr. Swinford's
birthday anniversary, and that of Mrs.
J. A. Anderson. Both honor guests
made their birthday offering at the
Christian church Bible school, but they
managed to slip in their pennies so
deftly that no one has any idea how

Violin and Piano Recital

Next Thursday Night, March 13

By **WORT S. MORSE**, Violinist
And **P. O. LANDON**, Pianist

This is the second in the Conservatory course of musicals.
The program will interest everyone. If you are interested in
making Maryville a good place to live in, patronize and encourage
better entertainments.

In First M. E. Church. Admission 50c. Ticket to two remaining
numbers 75c.

many there were, and all questions at
dinner were answered so carefully by
them that no one there was any the
wiser as to how many anniversaries
had passed. The guests had a delightful
time and a feast for a dinner. They
were Mr. and Mrs. J. A. Anderson, Mr.
and Mrs. John H. Anderson and daughter,
Orrell; Mr. and Mrs. Robinson
Craven, Mr. and Mrs. R. H. Duncan
and Mrs. Anna Stauble.

Miss Brink's Guest.

Miss Jessie Ladwig of St. Joseph arrived
Monday noon and will be the guest
of Miss Marie Brink the remainder
of the week. Miss Ladwig came to
attend the round of social affairs that
are to be given this week for Miss
Esther Shoemaker, who will be married
Saturday evening.

Pickering Mothers Club.

The Pickering Mothers club met Friday
afternoon at the home of Mrs. Dr.
Crowson, with Mrs. Roy Wolfers as
leader. There was a fine attendance
and the meeting proved one of the best
the club has held. The next meeting
will be with Mrs. C. A. Wolfers on Friday

day afternoon, April 4, with Mrs. W.
R. McKee as leader. As a rest from
the study of the public school question,
each member will talk of the article
she has read during the month that
has been the greatest help to her.
The public school question, as being
conducted in the Ladies' Home Journal,
will be taken up again in a few
months. At Friday afternoon's meeting
some very nice music was given,
a piano solo by Miss Edith Jones, a vocal
duet by Misses Edith Jones and
Chloe Neal and a piano duet by Miss
Irene Burk and Miss Chloe Neal.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It does not rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIRDRYING ENAMEL. Brush with each can of enamel only.

BLACK SILK METAL POLISH for silver, brass, nickel, tinware or brass. It works quickly, dries, and leaves a brilliant surface. It has no oil for use on automobiles.

Black Silk Stove Polish Works
STERLING, ILLINOIS

Fresh cutlilies, roses, carnations, sweet peas, maricissus, tulips, violets, spireas, etc. Nice potted plants.

MOB ATTACKS SUFFRAGETTES

Threatens Women Who Try to Present Petition to King.

POLICE TAKE THEM TO JAIL.

Petition Contained Threat to Continue Militant Tactics—Crowd Resents Supposed Attempt to Interrupt Royal Pageant in London.

London, March 11.—There was a notable demonstration of hostility against the suffragettes by the vast throng gathered to see the royal procession. The five women required the protection of 100 policemen to keep back the mob, which was exasperated by the recent outrages of the militants.

While the king and queen were on their way to Westminster, five women attempted to approach his majesty in historic Whitehall. They carried petitions setting forth the grievances of women. The police promptly arrested the five and imprisoned them, although it looked for a time as if the crowd would overwhelm the police and administer punishment in summary fashion.

Two other suffragettes were arrested in the vicinity of Marlborough house and escaped rough handling only through energetic efforts of the police. Shouts of "Duck them!" "Into the lake with them!" brought together a mob of 3,000, all bent on taking the women from the hands of the police.

Speaking later in the day, Mrs. Emmeline Pankhurst referred to the women's attempt to present petitions to the king. She said:

"This perfectly constitutional action by the women has been called an insult to the king. An attempt is being made by interested politicians to draw the king and queen into the quarrel the women have with the government. We, as women, wish entirely to disassociate the quarrel from the monarchy and the petition had for its sole object the calling of the attention of parliament and the house to the seriousness of the situation."

An extract from the petition which the suffragettes tried to present to his majesty says: "If law and order are to be re-established in this realm, women must have the vote. Votes for women is the only cure for militancy."

WOMAN SHOWS UP POLICE

Wealthy Owner of Immoral Resorts Reveals Thirty Years' Grafting.

New York, March 11.—A book of graft history covering a period of thirty years was opened for District Attorney Whitman by Rosie Hertz, a wealthy and notorious keeper of disorderly resorts in this city.

This woman, sentenced to one year's imprisonment for running a house for immoral purposes, made a complete confession.

She disappointed the "system," which had hoped she would serve her time without telling what she knew, and paved the way, it is said, for prosecution not only of several high police officials, but for a number of politicians alleged to be allied with the "system."

Many subpoenas were issued as soon as the woman completed her disclosures and Mr. Whitman will be busy for the next few days examining witnesses who are expected to corroborate her story.

WILL USE PRAIRIE SCHOONER

Missouri Suffragists to Canvass All Counties of State.

St. Louis, March 11.—Missouri suffragists in their campaign for "votes for women" will use the old fashioned prairie schooner, and will speak to the rural voters from the tailboards. The campaign has been financed by the women.

"We expect to canvass all the counties of the state," said Mrs. George Gellhorn, president of the Missouri Equal Suffrage league, "and it is our purpose, where required, to get permission for our speakers to make addresses."

Moving picture shows will be used as an added attraction to draw crowds.

White House Will Be Dry.

Washington, March 11.—The Wilson administration will be "dry." The expression is used entirely in a sense that appeals to the inner man of the nation and not necessarily to those who look for stereotyped methods of government. It became known that President Wilson and his family, all of them, are averse to the use of liquor or wine in any form. Intoxicating liquors will have no place in the White House during the next four years unless the president's views undergo a sharp change.

Chicago May Have Police Women.

Chicago, March 11.—Mayor Carter Harrison returned to Chicago from New York with a plan for having women police here. He said it might be possible to have several women placed as inspectors when the police reorganization plan is effected.

Hundreds of Persons Injured.

Glasgow, Scotland, March 11.—A terrific dynamite explosion wrecked the town of Irvine, in Ayrshire. The number of dead is not yet known. It is said that the injured number hundreds.

COMMISSION FORM FOR LEGISLATURE

Governor Hodges Advocates It in Special Message.

Topeka, March 11.—Governor George H. Hodges sent a message to the legislature urging commission form of legislative government. He proposed to replace present legislative representation with two members from each congressional district, who would devote their entire time to state business.

"In common with a large and growing number of thoughtful people," said the message, "I am persuaded that the instrumentalities for legislation provided for in our state constitution have become antiquated and inefficient. You senators and representatives cannot but observe the defects in our present system. After a brief session the legislature adjourns and the business of one coordinate branch of the state government is absolutely abandoned for a whole biennium. It is as if the head of an important department of some other big business should give only fifty days every two years to its management."

"I am aware of the veneration with which ancient institutions are regarded, but I see no reason why we should cling to these institutions in carrying on the all-important affairs of the state when in almost every other activity of life we are discarding old traditions for newer and progressive ideas and more efficient and economic methods."

EXPRESS BY PARCEL POST

Detroit Man Tests Suspicion That Companies Were Using Service.

Milwaukee, March 11.—A specific case has been found here in which an express company took advantage of the parcel post to save itself trouble and collect a good profit on Uncle Sam's activities.

The case has been laid before the local postal authorities, but it is not thought any action can be taken.

The specific shipment was a box of cigars from Detroit to Milwaukee, in which a Detroit man, about to visit here, decided to test out a suspicion that the express companies were using the parcel post. He addressed the box to a Milwaukee friend and paid 40 cents for the shipment. When he reached here he found the package delivered by parcel post, bearing 22 cents in postage stamps. The express company had made 18 cents on the shipment.

No Increase in Tax on Stock Deals.

Albany, N. Y., March 11.—Governor Sulzer announced that the bill to double the state tax on transfers of stock is to be withdrawn. The measure was recommended by the governor's committee of inquiry as a means of increasing the state's revenues. It was bitterly opposed by Wall street. The present tax is \$2 on each 100 shares of stock transferred.

Wilson's Bodyguard Leaves for Texas.

Washington, March 11.—Captain Bill McDonald of Texas, personal bodyguard for President Wilson during the days after the Baltimore convention and before the election, is going back to Texas. He is tired of the effort east and his trappings and flourishes fall upon him. Captain Bill is a likely candidate for a United States marshalship in Texas.

Best Known Cough Remedy.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at the Orear-Henry Drug Co.—Advertisement.

Better Stenographic Service

Did you ever notice that your stenographer does better work early in the day than she does toward night?

This is probably the reason: At the tip of each finger, close to the surface, is a sensitive nerve terminal.

Now, the constant pounding that is necessary to get action from the stiff, heavy keys of the ordinary typewriter soon tires her out. You can overcome this daily "3 o'clock fatigue" by taking advantage of the

Monarch Light Touch

The Monarch has an exclusive type bar construction, which responds to the slightest pressure of the fingers and makes possible a maximum degree of efficiency.

Send for Monarch Literature

Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

WILSON RECEIVES THE DIPLOMATS

President Takes Part in His Most Formal Function.

VISITORS' UNIFORMS DAZZLE.

Jusserand, Dean of Diplomatic Corps, Replies to President's Speech—Secretary of State Bryan Makes an Impressive Address.

Washington, March 11.—While President Wilson already has dispensed with some of the formalities which hitherto have been observed by occupants of the White House, he demonstrated that he would observe to the letter the international amenities of his office.

Probably the most formal ceremony in which Mr. Wilson ever has participated was his presentation to the diplomatic corps accredited to Washington by the civilized nations of the globe. In a semicircle of brilliant color, their uniforms gilded profusely with the insignia of their rank, 146 foreign representatives stood in impressive silence while the new president of the United States and the secretary of state, William Jennings Bryan, entered through the big doors of the East room.

The president and Secretary Bryan wore the conventional frock suits of formal occasions in America. The president was accompanied by his chief aide, Colonel Spencer Cosby, and his personal aide, Major Thomas L. Rhoades. On each side of the entrance six White House aides, three from the army and three from the navy, stood at attention.

Diplomats Presented.

In groups of six and eight the diplomats and their staffs were arranged. Chandler Hale, third assistant secretary of state, presented the president first to Ambassador Jusserand of France, dean of the diplomatic corps.

Mr. Bryan was presented with similar ceremony.

To each diplomat the president spoke a word of greeting, but the ceremony throughout was quite formal.

After the president had met individually the circle of diplomats he addressed them briefly, expressing the hope for the continuance of amicable relations between this nation and their respective countries and indulging the wish that their service in Washington might be personally enjoyable.

Secretary Bryan made a speech telling the corps of the earnest desire of the administration to strengthen the relations between the United States and other members of the great family of nations and spoke in an optimistic way of the possibility of accomplishing that result through the application of the principles of justice and equity in international dealings. Ambassador Jusserand, dean of the corps, replied and then personally presented the members of the diplomatic body to the new secretary of state. They were particularly impressed by Mr. Bryan's earnest appeal to them to call upon him personally and without restraint whenever they felt that the relations between their own governments and the United States demanded speedy consideration and action.

KNOX ROLLS PERFECT SCORE

Philadelphian Smashes All Records at Toledo Meet.

Toledo, March 11.—All records for an individual game in an American Bowling congress tournament were smashed when William J. Knox of Philadelphia rolled 300, a perfect score. Knox's count for three games in the individual competition was 672, which places him second in that event.

Knox's great score was made in the third game. In the first game he rolled but 173 and did not strike a record breaking game until the middle of his second game. He finished the second game with five straight strikes, which gave a count of 199. As the pins continued to drop to perfect balls in the third game bowlers on the other alleys stopped to watch him and the big hall was silent except for the rumble of his ball and the crash of the pins. On his last ball one pin wavered for a moment and then fell into the pit amid a roar of applause from the spectators.

Wrecked Ship's Cargo Worth Million.

Key West, Fla., March 11.—Every available vessel in the local harbor has gone to the assistance of the British steamer Lugano, ashore on Ajax reef, with a cargo of silks, wines and general merchandise estimated to be worth a million dollars. Reports received stated that the holds of the steamer were flooded. The wind is high and the heavy seas threatened to pound the steamer to pieces. The crew is on board.

Newton Is Secretary to McAdoo

Washington, March 11.—Bryan R. Newton of New York, formerly of the New York Herald, was appointed private secretary to Secretary McAdoo of the treasury department.

Dockery Is Nominated.

Washington, March 11.—Nominations sent to the senate by President Wilson included: Third assistant postmaster general, Alexander M. Dockery of Missouri.

SONORA REBELS TAKE NACAZARI

Huerta Garrison is Driven from Important Mining Town.

IT RETREATS TO AGUA PRIETA

Commander Lopez Is Fatally Wounded and Several Federals Killed—Another Detachment of Insurgents Begins Movement Upon Nogales.

Douglas, Ariz., March 11.—State troops and recruits of Sonora, rallying to the call of the state government to oust all of Huerta's federal soldiers from the border state, scored their first victory in wresting Nacozari, an important mining town below this point, from the federal garrison. The defeated federals not killed or captured arrived on a special train at Agua Prieta, opposite Douglas, their commander fatally wounded and twenty others hurt.

From various points along the Arizona border come reports of other movements of state troops against federal garrisons. Nine hundred constitutionalists began moving against Nogales, Sonora, opposite the Arizona town of the same name.

Reliable reports give the constitutionalists' wounded at Nacozari as only nine. Lieutenant Colonel Lopez, the garrison commander, who was brought here with twenty other federal wounded, died on the way to a hospital on the American side. He was shot through the neck.

PATIENTS ARE IMPROVING

Friedmann's Tubercular Vaccine Is Proving Successful.

New York, March 11.—The patients in America to receive treatment for tuberculosis from Dr. Friedmann of Berlin already have begun to improve in health, according to Dr. Landesman, managing director of the People's hospital, where the Berlin physician demonstrated his treatment last week.

Dr. Landesman said the pains in the patients' chests have been allayed greatly and their coughing nearly had stopped. He referred to the treatment as remarkable.

Dr. Friedmann left for Canada, where he plans to give demonstrations of his treatment. He probably will administer his serum today to patients under the auspices of the Royal Edward institute in Montreal. He will attend a tuberculosis convention in Ottawa tomorrow and will demonstrate his vaccine there. He will treat 100 patients at the King Edward institute Wednesday.

Meantime the government officials who are investigating the remedy will gather more patients on which they will ask Dr. Friedmann to operate when he returns here Friday.

Firebug Makes Full Confession.

Chicago, March 11.—Benjamin Fink, alleged "firebug," has made a detailed confession, implicating thirty-five members of the alleged arson trust, according to First Assistant State's Attorney Johnson. Fink has been under arrest in South Bend for two months, but has heretofore steadfastly denied any complicity in incendiary fires. The statement implicates several fire insurance adjusters who are said to be members of the combination which has mulcted insurance companies out of large sums.

Jim Hall Is Dying of Tuberculosis.

Neenah, Wis., March 11.—Jim Hall, a former well known pugilist, was found dying of tuberculosis in a hotel. He is penniless and his once great physique has wasted away until he is hardly recognizable. Just twenty years ago Hall was knocked out in the fourth round by Robert Fitzsimmons at New Orleans for a purse of \$40,000.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meotze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Suffragists Going to World Meeting

New York, March 10.—Plans were announced here to have a number of women attend the convention of the International Women Suffragists in Budapest in June. It was decided to abandon a proposed globe trotting suffragist crusade that would have taken a yellow bannered special train through Siberia, China and Japan. The so called critical state of the suffrage fight in America was ascribed as the reason for this.

Pope's Ailment Not Serious.

Rome, March 10.—A marked improvement was noted in the condition of Pope Pius X., both the inflammation of the throat and the hoarseness being considerably diminished. The pope himself said he felt much relieved and hoped that his "tyrants" would allow him to resume at an early date the ordinary course of life.

"Post Cards"

We wish to call your attention to our large line of local view cards at 1c each. Also we have a fine large assortment of Easter Post Cards and Booklets now on display.

HOTCHKIN'S Variety Store**Poultry Cards**

One inch cards in this column for \$1.50 per month. No card taken for less than one month at this rate.

RINGLETS—Olney's Royal Blue
Ringlet Barred Rocks lay, weigh and win. They won without any conditioning, 1911, 1st pullet, 3rd pen. Sept., 1912, 1st and 2d trios, Dec., 1912, 1st and 2d hens, 2d cock and 3d pullet, N. W. Mo. Poultry Association. Eggs \$1 and \$2 per setting. F. W. Olney, Maryville, Mo.

VOLUME 3.

MARYVILLE, MISSOURI, MONDAY MARCH 10, 1913.

NO. 240.

VOTED 17 TO 24

INCORPORATION BEATEN AT TELEPHONE MEETING SATURDAY.

TO TRY IT AGAIN LATER

Only Forty-One Lines Represented and Those in Favor of Incorporation Hope to Win Next Time.

Incorporation was defeated late Saturday afternoon at the Farmers telephone meeting in the circuit court room by a vote of 17 in favor of 24 against, after much discussion of the proposition. The plan of incorporating the telephone company has been up for some time, and it is said that had all of the sixty lines been represented at the meeting Saturday the proposition would have carried. As it was only forty-one lines were represented.

The incorporating proposition will come up again before the company at a later date.

Three new members of the board of directors of the telephone company were elected. They were William Moxingo, Mike McGettigan, and Mike Sherlock. The three members whose terms were out and declined to serve on the board again were W. A. White, A. S. Watson and John R. Evans.

At the meeting of the new board, held after the meeting, Wm. Moxingo was elected president, Mike McGettigan, secretary, and Mike Sherlock, treasurer. The other members of the board are Ernest Wray, J. V. Lynch, H. W. Hull and W. A. Burris. The board of directors will meet again next Saturday.

CONVENTION MARCH 22.

Independence Township to Meet That Day at Gaynor City, and Also at Parnell.

W. E. Johnston of Independence, who is now the member of the Democratic county committee from that township, having been selected by John M. Dawson, county chairman, to fill out the unexpired term of Roy Fitzsimmons, who moved to Jefferson township, was in the city Monday. Mr. Johnston requested this paper to state that on Saturday afternoon, March 22, there will be mass township conventions held in Independence. The Democrats of South Independence will meet at Parnell, and the Democrats of North Independence will meet at Gaynor City. There will be a telephone between the two conventions, and if there is more than one candidate for any one township office at Parnell they will be telephoned to Gaynor and the people there will vote on them. The reason the convention was not held at one place is because the township is so big that not many people would turn out from the outer edges of the township.

TO REPAIR COUNTY JAIL.

County Court Let Contract for Work at Jail to W. B. Lemon.

The county court at its meeting Saturday entered into an agreement with W. B. Lemon for some repair work at the county jail. The guard room and the two front halls are to be tiled and all of the old paper removed. The woodwork will be painted.

The court adjourned Saturday to meet on Friday, when a settlement will be made with County Treasurer Williams. Mr. Williams' term as treasurer will expire April 1, and this settlement will be the last one to be made by him. W. R. Tilson will take the office at that time.

Do You Wear Glasses?

TO GIVE A CONCERT.

The Maryville Band to Give Their First One March 20 at Empire.

The Maryville band, under the direction of T. B. Maulding, their new leader, will give a concert on Thursday evening, March 20, at the Empire theater. This will be the first appearance of the band, and the concert will, no doubt, be largely attended. Mr. Maulding has been director of the band for the past few weeks, and the band has been hard at work practicing, and some new players have been added. Harold Maulding, the son of the director of the band, is a new member and is a good clarinet player. The prices of admission will be 25 and 35 cents.

SELECT SEED NOW

GET YOUR CORN PLANTER READY, ALSO.

GRADE BEFORE SHELLING

Corn Man at Washington Says Corn Should Be Shelled by Hand and Graded Before Shelling.

C. P. Hartley, physiologist in charge of corn investigation, United States department of agriculture, at Washington, D. C., has written the following article about grading, testing and shelling seed corn, which will be of interest to the farmers of this county:

Take time by the forelock and get the seed corn and the corn planter ready for operation now before the rush of the other spring work. The soil and the seed are two prime requisites of a profitable corn crop. At this time of the year there are many days when weather or soil conditions prevent plowing or other field work that can profitably be used in improving the quality of the seed corn. The seed supply can be improved in quality and productiveness by discarding the poor ears and the poor kernels.

The best time to grade seed corn is before shelling. The office of corn investigations of the U. S. department of agriculture proved by careful field experiments that an ear having kernels of undesirable shapes produces ears most of which have kernels of undesirable shapes. All ears that are undesirable for one reason or another should be discarded before making germination tests.

At this season for several years past a number of satisfactory means have been described for testing the germination of a few kernels from each seed ear. Those who have neglected to take good care of their seed corn may now find "dead" ears among their supply. In such cases it will be profitable to test the germination of each ear separately. Where well adapted varieties are grown that properly mature before frost, poor germination has never been found among ears selected as soon as matured and cared for properly. Those who have given their seed proper care should pick out 100 representative ears and make a germination test of ten grains from each ear. If these ears germinate well it is not necessary to test the balance of the seed supply.

Before shelling the small kernels should be discarded from an inch or more off the tips of the ears. Accurate field tests have proved these small kernels to be less productive than the fully developed kernels of the same ears. The thick, irregularly shaped kernels should also be discarded from the butts of the ears. These kernels produce satisfactorily, but their size or shape prevents the corn planter from dropping them satisfactorily. It is convenient to nub the entire supply of ears before the shelling process is begun.

Many farmers who plant twenty or forty acres of corn, carefully shell their seed by hand and are profited by so doing. A few remarkably successful extensive corn growers shell hundreds of bushels by hand. Where much seed is required there is a strong temptation to run it through the corn sheller. Hand shelling is profitable for the small farmer, and therefore more profitable for the extensive farmer. The sheller breaks or cracks some of the kernels, and there is not the opportunity of examining kernels from different portions of each ear as in shelling by hand. After being nubbled the proper way to shell the seed ears is to shell by hand, one ear at a time, into a sieve that will let the chaff fall through and leave all the kernels from the ear in plain view for inspection. If unsatisfactory, all the kernels can be easily discarded and another ear shelled. The ears should (Continued on Page 2)

REDEEM PLEDGES

MISSOURI LEGISLATURE CARRIES OUT PLATFORM PROMISES.

ONLY 2 WEEKS REMAIN

The Record of Present Legislature is a Great One and An Honor to Democratic Party.

With less than two weeks remaining in which to pass laws, the Missouri legislature, which is Democratic, already has written more advanced legislation upon the statute books of the state than any previous legislature.

Practically every important platform pledge of the Democrats has been fulfilled or is in the way of fulfillment except one, the workmen's compensation act.

Some of the important pledges of the Democratic platform already enacted into law are:

A public utilities act creating a state commission.

The county unit local option bill, bringing near prohibition to Missouri. Home rule for St. Louis with removal powers reserved to the governor. This has been pledged by both parties for ten years.

A municipal primary election was provided for St. Louis which had none. A drastic white slave law which was written by the W. C. T. U. and other women's organizations of the state.

The ratification of the amendment to the federal constitution providing for the direct election of United States senators.

The Kinney bill opening the night schools of the cities to persons more than 21 years of age. This is to give the foreigners especially a chance at free education.

Two resolutions now are pending before the legislature for adjournment. One sets the date for noon a week from Thursday. The second resolution provides for adjournment a week from next Saturday. Although many pledges already have been redeemed the next two weeks will see many bills of great importance passed or defeated.

The administration good roads program, with the exception of one bill, either has passed the house or senate already. It is believed that this program will all be enacted into law by the end of this week. It incorporates four general and several supplementary bills. The road bills in the program are:

The creation of a state highway department. The submission of a mill tax to a vote of the people, which, if adopted, will raise a road fund of nearly 2 million dollars each year.

A new benefit road district law which will make possible the sale of rock road bonds issued by such districts.

An interconnecting system of state dragged roads of about nine thousand miles in all to be laid out and dragged as state roads.

One of the most important bills that will come up this week is the Boyd bill extending the provisions of the nine-hour labor law for women to every occupation at which women work except domestics. It includes telephone girls, stenographers and waitresses in restaurants. The bill has passed the house and now is pending in the senate. The telephone companies are fighting it stubbornly but it is believed it will pass.

Other important measures that will come up this week are:

The women's suffrage amendment, submitting suffrage to a vote.

A series of educational bills to improve the condition of Missouri's rural schools.

A series of drainage bills making possible drainage and flood protection for the overflow country of Southeast Missouri.

A "blue sky" bill patterned after the Kansas law.

Will Build Modern Cottage.

Mr. and Mrs. John Mahoney have purchased the building lot opposite the residence of their daughter, Mrs. Margaret Dougan, 722 East First street, and will build a modern cottage for themselves as soon as spring opens. Mr. and Mrs. Mahoney have concluded to give up farm life permanently, having leased their farm, southeast of the city, to John Gross.

Returned From Omaha.

Mr. and Mrs. Rankin Lylo returned Friday night from Omaha, where they spent the winter with their daughter, Mrs. Merrill Alderman, and her husband.

HOLT TAKEN AWAY

IF GOVERNOR SIGNS BILL CIRCUIT WILL BE SMALLER.

ADDED TO THE FIFTH

Fourth District Was Too Large and Court Business Increased So Fast Judge Couldn't Attend to It.

The bill adding Holt county to the fifth judicial district has passed both the house and senate at Jefferson City, and all that remains for it to become a law is for Governor Major to sign the bill.

As it is now the fourth judicial circuit is too large, and there is too much work for one circuit judge to attend to. The counties now in the district are Nodaway, Atchison, Holt, Worth and Gentry. So it was decided to add Holt county to the fifth judicial district, Judge Burns being circuit judge of that district.

The new district will be slightly Democratic.

The change in the judicial circuit was much needed and members of the bar of the various counties were in favor of it. The Nodaway county circuit court terms are getting bigger. The November term of the court adjourned about the latter part of January, and then there was the February term, which has run eighteen days.

TO HAVE BIG RALLY

At the Man-and-Boy Banquet at Presbyterian Church Tuesday Evening.

The man-and-boy banquet which the Presbyterian Men's club will give Tuesday night at 6:30 o'clock is to be an occasion of "getting together" for all the men of the church. Every man will have as his guest one of the church boys. This will give the boys a chance to feel sure-enough grown up, and permit the men to turn back the clock of time a little. The ladies will serve the following menu:

Roast Beef with Gravy.
Scalloped Corn. Creamed Potatoes.
Light Rolls. Cranberry Jelly.
Salad. Salad.
Pickles. Olives.
Pie. Coffee.

Mrs. Roy Curfman will contribute several piano numbers during the meal. After dinner the club will elect new officers for the ensuing church year. Then the toastmaster for the evening, Mr. Wm. G. Sawyers, will take charge of the after-dinner program. He will introduce Mr. J. I. Hoffman, secretary of the Commercial club, who will answer the question, "What Can the Men's Club Do to Help Build Up the Town?" Mr. Fred Hutchison will then speak on "The Boy and the Young Man in the Church." Mr. Van Cleave will be the last speaker, and his subject will be "The Inauguration of Two Presbyterian Elders as President and Vice President." Any one who has not already reserved his place can do so by phoning Mr. D. E. Hotchkin, who is chairman of the banquet committee.

MRS. JOHN M. HORTON.

Buffalo (N. Y.) Woman Who Is Candidate For Head Of the National D. A. R.

HAS NEW QUARTERS.

The Commercial Club Now Located in the Empire Theater Building.

The Commercial club has new quarters, having leased the rest room in the Empire theater building. The room will be repaired for the club. The club has had rooms in the Roseberry building, over the Alderman dry goods store, and the change was made as the new location is more desirable. New furniture will be purchased by the club, and the secretary, John I. Hoffman, will be found at the club room during the greater part of the day. The club will move the first part of this week.

The Sphinx club will occupy the old club rooms.

PLACE BAN ON CUPS

PUBLIC DRINKING UTENSIL IN SCHOOLS MUST GO.

MARCH FIRST THE DATE

State Board of Health Orders Them Out of All Public Schools in the State.

The public school buildings, such as the city school buildings and rural school buildings and other public school buildings, will have to do away with the common drinking cup, the public towel and the public comb and brush, according to an order of the Missouri state board of health. The order was sent to County Superintendent of Schools Oakerson and will go into effect March 1, when all schools will have to do away with these public towels and cups.

The order of the state board of health follows:

Whereas, It has been conclusively demonstrated and is a matter of scientific, as well as general knowledge, that the use of what is usually known as the common drinking cup, the public towel, and the public comb and brush are dangerous and a menace to the public health, in that infectious diseases are communicated through these means.

Therefore, be it ruled by the Missouri state board of health that the use of any common drinking cup or other utensil ordinarily used for public drinking purposes in school buildings and all public buildings is prohibited.

It is further ruled that the use of the public towel in school buildings and all public buildings is prohibited.

It is further ruled that the use of the public comb and brush in school buildings and all public buildings is prohibited.

It is further ruled that no persons or corporation in charge of or control of any school building or other public building shall permit the use of the common drinking cup, or other utensil used for that purpose, or the public towel, or the public comb and brush. Such drinking cup, or other utensil used for drinking purposes, or public towel, or comb and brush shall not be placed in school buildings or other public buildings, neither shall the same be furnished to the public for common use, by persons in control of school buildings or other public buildings, or by employees in such buildings.

The Missouri state board of health recommends that those in charge of school buildings and other public buildings provide for the public, individual utensils for drinking purposes. It also recommends that individual towels be provided for the public in the lavatories of school buildings and other public buildings.

Be it further resolved that the above requirements shall become effective March 1, 1913.

FRANK B. MILLER, M. D., Sec'y Missouri State Board of Health.

DR. TAYLOR LED CHAPEL.

Normal President Received Ovation From Students When He appeared On Platform.

Chapel was held in the auditorium at the Normal Monday morning for the first time since last fall. It has been impossible to heat the large hall during the cold weather, and chapel has been held in divisions in the different class rooms. President Taylor, who returned Saturday night from a three weeks' trip, had charge of the exercises, and when he appeared on the platform he was greeted with applause and nine rousing cheers by the students and faculty.

The enrollment reached the 200 mark Monday morning and bids fair to exceed that number by about 25.

2 YEAR SENTENCE

PENITENTIARY FOR FORGING FOR CECIL STACKHOUSE.

AN OFFER FOR PAROLE

If Conception Boy Can Raise Money to Make Up Forgery and Fine He May Be Paroled.

Cecil Stackhouse, who was caught at Monterey, Cal., and brought back to Maryville by Sheriff Tilson last December, wanted here on a charge of forgery, was given a sentence of two years in the penitentiary Monday afternoon by the court, when the young man pleaded guilty. The court said that he would entertain a motion for a parole on condition that he would pay all costs in the case, such as going after him, and also to make good \$90, being the amount the check was raised for. The total costs will amount to \$300 or over, and it is thought the young man will be unable to raise this.

Stackhouse is a Conception boy and is about 20 years old. He was charged with raising a check from \$2 to \$92, and it took many months to locate him.

Thomas Gugerty, common assault, bail fixed at \$200 and cause continued. Gugerty pleaded not guilty when arraigned in court Monday.

C. H. Schaaf, perjury, cause continued to next term.

People's bank of Maitland, interpleader in case of W. T. Jackson vs. G. W. Anderson, interplea, report of J. H. Saylor as referee confirmed and approved and judgment accordingly. The interpleader files motion for a new trial.

Alma Anderson, interpleader in case of W. T. Jackson vs. G. W. Anderson, interplea, interpleader's motion for a new trial overruled. An appeal was taken to the K. C. court of appeals, which was granted.

U. S. Tracy vs. J. H. Poynter, contract, order of dismissal set aside and cause continued.

In the matter of the estate of James O'Donnell, deceased, James B. Robinson, executor, appeal from probate court, the court after hearing evidence made the same finding as the probate court. An appeal was granted to the Kansas City court of appeals.

The Nodaway County Chautauqua association was duly incorporated Monday.

DEATH AT PARNELL.

Mrs. Susan Logan Passed Away Saturday Afternoon After a Long Illness—Funeral Sunday.

Mrs. Susan Logan, an old resident of Parnell, died at her home there Saturday afternoon at 2 o'clock, after an illness of several months of a complication of diseases.

The funeral services were held Sunday afternoon at the M. P. church, by Rev. C. R. Green of the Harmony church. The pallbearers were Charles Sisson, Otis Gray, Hosea Frawley, Samuel Taylor, Charles C. Evans, W. N. Morgan.

Mrs. Morgan's maiden name was Susan Nigh. She was born near Lancaster, O., July 29, 1842, moving to Illinois in 1863. She was married to Samuel Logan July 1, 1866, at Dallas City, Ill. In the fall of 1870 Mr. and Mrs. Logan came to Nodaway county, Missouri, and settled on a farm near Parnell, living there until ten years ago, when they went to Parnell to live. Five children were born to them, four of whom are living—W. H. Logan of Wray, Col.; Mrs. Nina Kentard of Sheridan, C. E. and G. T. Logan of Parnell.

Mrs. Logan had been a member of the M. P. church for thirty-three years and was loved and respected by all who knew her for her genuine Christian life.

Mr. Van Cleave Back From Washington. W. C. Van Cleave of The Democrat-Forum, who has been a bill clerk in the house of representatives at Washington, D. C., returned to his home in this city Monday morning.

A party composed of H. L. Raines, Joseph Jackson, Jr., Paul Sisson and Roy Curfman left Monday noon for Bigelow, Mo., where they are to hunt for a few days.

I hereby announce myself as a candidate for tax collector of White Cloud township, subject to the decision of the Democratic township nominating convention.
RUFUS CAREY.

I hereby announce myself as a candidate for Tax Collector of White Cloud township, subject to the Republican nominating convention.
JOHN R. BOHAM.

REPUBLICAN CANDIDATES.

Township Collector.

I am a candidate for the office of collector for Polk Township, subject to the action of the Republican nominating convention.
ORVILLE A. BENNETT.

ONLY NEEDS BURYING.

Cy Leland, former Republican politician of Kansas, says:
"The Republican party is dead. It cannot regain its feet. How can it get together; what can it claim it has done except raise hell? There are no longer leaders in the Republican party. The strong men, the old fellows, have gone out of politics; they have retired. The young, strong men have gone over to the Progressive party. The Republican party cannot get away from the last thirty years; those years hang like a millstone around its neck; those years of giving to the factories and the corporations all they wanted in the way of tariffs. The downfall of the Republican party has been due to men who were too fat to think. It has gone the way of all flesh."

SELECT SEED NOW

(Continued from Page 1)

not be shelled directly into the general seed supply, for it would then be difficult to separate and discard the undesirable kernels.

If the corn planter gave trouble last spring better order a new one now. A poor corn planter is an expensive implement to use. Even though the planter dropped satisfactorily last year, it should be tested with this year's seed supply before planting time arrives. The kernels of a variety of corn frequently vary in size from season to season, and different plates may be needed this year from those used satisfactorily last year.

Under favorable field conditions 19 or 20 per cent of the kernels or young stalks are destroyed. Where extensive plantings are made with first class seed and thinning is impracticable about five kernels should be planted for every four stalks desired. Where help is obtainable that will attend properly to the thinning, it is more profitable to plant twice as many kernels as stalks desired and thin out the weak plants as soon as they become too large and hard to be destroyed by cutworms.

UNIT BILL DEFECT IS FOUND.

Wets Contend Amendment Not Properly Made in House Measure—Won't Stand, They Say.

Jefferson City, March 8.—The wet forces of the senate and the house are declaring that there is a defect in the county unit bill which will cause it to be knocked out, if it is ever subjected to a court test.

It is stated that when the present local option law was amended by Hay to make a county unit proposition out of it no provision was made to amend the form of the ballot that is to be submitted to voters and therefore the new act conflicts with itself.

Section 7238 of the present law was amended by adding to the provision that "no liquor shall be sold" in the county, the further restriction that no intoxicants are to be "furnished or given away."

Section 7241, which provides for the form of the ballot and specifying it shall read two ways, one "against the sale of intoxicating liquor," and the other "for the sale of intoxicating liquor," it is argued ought to have been changed by inserting to the selling and anti-selling clause the words, "furnished or given away."

It is further averred that other sections ought to have been amended in the same way.

The senate bill of Craig, which is the same as the house measure that passed, is still pending and the dries, if the omissions in the section providing for the form of the ballot are fatal, can drag it out, make the changes and pass it, but the same fight which marked the passage of the house act would again follow in both bodies.

Piles Cured in 6 to 14 Days.

ANNUAL MEETING APRIL 12.

Farmers Mutual Fire and Lightning Insurance Company to Increase Limit on Single Risks.

The Nodaway County Farmers Mutual Fire and Lightning Insurance company will hold their annual meeting in Maryville on April 12. At this meeting the plan to increase the limit on single risks to an amount greater than \$2,000, as it is at present, but not to exceed \$3,000, will be taken up. The board of directors of the company are J. L. Hepburn of Hopkins, president; C. D. Hocker, Guilford, vice president; A. Shiel, Burlington Junction, secretary; William Woods, Burlington Junction, treasurer; U. I. Wilson, Maryville; Wm. M. Blackford, Clearmont; R. B. Gex, Graham; Dr. E. W. Bishop, Ravenwood, and D. A. Northover, Hopkins.

MORE DEATHS THAN BIRTHS.

Maryville Had Seven Deaths and Three Births—Polk Had Four Births and Two Deaths.

According to the February report of Dr. F. R. Anthony, who is keeping the report of the births and deaths for Polk township, this township had seven births and nine deaths. In Maryville there were seven deaths and three births. In the township outside of Maryville there were two deaths and four births.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapepsin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

BEN CARSON SEED FOR DIVORCE.

He is Now in the Federal Penitentiary at Leavenworth, Kan., Having a Two-Year Sentence.

A suit for divorce was filed late Saturday afternoon by W. E. Wiles, attorney for Edna Carson against Ben F. Carson. The defendant is well known in Maryville, especially to the police authorities.

The petition states that they were married September 28, 1909, and the defendant has abandoned and deserted the plaintiff for one year. The petition further states that the defendant was convicted of violation of the white slave law in United States district court at St. Joseph and was given a sentence of two years in the federal penitentiary at Leavenworth, Kan., and he is now in that institution. The petition further alleges that the defendant lived with Lottie Pool in Maryville for a week during last summer.

A divorce is prayed for and the care and custody of a minor child, who is 3 years old. The case will come up at the June term of court.

QUARANTINE LIFTED.

Skidmore Schools Opened Monday Morning—All Danger Seems Past of Smallpox.

Miss Leona Badger of Barnard, principal of the high school at Skidmore, who has been visiting her parents in Barnard for the past two weeks, returned to Skidmore Sunday night. The quarantine on account of smallpox has been lifted and the school there resumed work Monday morning. There seems to be no further danger of the spread of the disease as every precaution was taken when the disease first appeared to prevent the spread of the contagion. The citizens of Skidmore abided by the restrictions placed upon them by the town board. Everybody remained at home, children were not allowed to visit other children, and there were no errands made to town except by older members of the family. All public meeting places were closed, and on account of this sensible view of the situation no one was exposed to smallpox and there have been no new cases.

Short Courses Are Popular.

During the past winter 308 students attended the various short courses given by the Missouri college of agriculture. These students came from eighty-seven counties of Missouri and from five other states. They were enrolled in the two-year winter course, in the short course for women, the short course in dairying and the special poultry course. The last three courses are new, and the attendance was relatively small.

The first short course in agriculture at the Missouri college was offered seventeen years ago. In this period of time 1880 students, representing practically every county in the state, have attended some of these courses.

In 1909 the two-year winter course, consisting of two winters of fourteen weeks each, was organized. Each winter is divided into two terms of seven weeks, and each term is a unit by itself. Students who complete the work of all four terms are given a certificate. One of the most satisfactory indications of progress in this course is the fact that each year a larger number of students return to complete the course and receive certificates. At the close of the present session thirty-three students will receive certificates of graduation.

When in St. Joseph stop at Hotel Ryan (European), 313 South Sixth street. Steam heated Pooms 50 cents to \$1.00 per day.

Mrs. W. T. Bruner of Bedford was in Maryville Monday, going to Stanberry on a visit.

Penelope Club Meeting.

Mrs. T. H. Cook will entertain the Penelope club Wednesday afternoon.

Monday Afternoon Bridge.

Mrs. M. Nusbaum entertained the Monday Afternoon Bridge club today.

L. X. L.'s Will Meet.

The L. X. L. Embroidery club will meet Wednesday afternoon at the home of Mrs. John Loran.

Dressmakers Club to Meet.

The Dressmakers club will meet Tuesday evening at the home of Miss Emma Shroyer.

Shakespearean Meeting Tuesday.

The Shakespeare department of the Twentieth Century club will meet with Mrs. Ferdinand Townsend Tuesday afternoon.

Eastern Star Meeting.

The Eastern Star will meet Tuesday evening at 7:30 o'clock in Masonic hall. All officers especially will please take notice, as there will be initiation ceremonies.

Miss Shoemaker's Guest.

Miss Louise Sallander of Ft. Madison, Iowa, visited in Maryville from Friday evening until Sunday night with Miss Esther Shoemaker, and attended the tea given Saturday afternoon by Miss Mae Orear in Miss Shoemaker's honor.

Luncheon and Party for Bride Elect.

The Young Ladies' Bridge club will give a luncheon Tuesday afternoon at the Elks' club complimentary to Miss Esther Shoemaker. On Tuesday evening Miss Shoemaker will be the honor guest at a party to be given by Miss Mae Corwin and Miss Dora Carpenter at Miss Carpenter's home.

Her Fifth Birthday.

Mrs. Leslie E. Dean entertained a company of little folks Saturday afternoon in honor of the fifth birthday anniversary of her daughter, Virginia Belle. All had a fine time playing games, and a pretty luncheon in pink and white and the white birthday cake with five pink candles upon it were beautiful and delightful to them.

Her Fourteenth Birthday.

Mrs. C. L. Gann entertained Saturday afternoon to celebrate the fourteenth birthday anniversary of her niece, Miss Elizabeth Leet. The guests occupied themselves with playing progressive games, Miss Mary Carpenter winning the prize. A luncheon in pink and white was served. The guests were Misses Katherine, Lillian and Mary Carpenter, Laura Craig, Marguerite Cummins, Virginia Robinson and Mary Woodridge.

Her Seventh Birthday.

Mrs. George Eisenman, 1019 East Cooper street, entertained a number of the little friends of her daughter, Zora May, Sunday afternoon, in celebration of her seventh birthday anniversary. The honor guest received quite a number of nice presents and all had a nice time the entire afternoon. Popcorn and candy were served with the birthday cake. The guests were Thelma and Helen Cozad, Mildred Hudson, Helen, Gladys and Grace Drago, Ruth Fite, Merl and Herschel Fite, Earl and Velma Eisenman.

P. E. O. Elected Officers.

The P. E. O. chapter elected Miss Nelle Conrad for its president last Saturday afternoon, when the annual meeting took place at the home of Mrs. C. C. Corwin. The other officers chosen were Mrs. J. D. Richey, vice president; Miss Fannie Hope, recording secretary; Mrs. W. A. Miller, corresponding secretary; Miss Carrie Hopkins, chaplain; Miss Nelle Hudson, guard. Other business was transacted. The hostess asked her guests to remain awhile at the close of the meeting, and surprised them with a luncheon which she and Mrs. Allender had prepared, which is not the P. E. O. custom at business meetings.

Birthday Dinner Party.

Mrs. O. W. Swinford gave a dinner Sunday in honor of Mr. Swinford's birthday anniversary, and that of Mrs. J. A. Anderson. Both honor guests made their birthday offering at the Christian church Bible school, but they managed to slip in their pennies so deftly that no one has any idea how

many there were, and all questions at dinner were answered so carefully by them that no one there was any the wiser as to how many anniversaries had passed. The guests had a delightful time and a feast for a dinner. They were Mr. and Mrs. J. A. Anderson, Mr. and Mrs. John H. Anderson and daughter, Orrell; Mr. and Mrs. Robinson Craven, Mr. and Mrs. R. H. Duncan and Mrs. Anna Stauble.

Miss Brink's Guest.

Miss Jessie Ladwig of St. Joseph arrived Monday noon and will be the guest of Miss Marie Brink the remainder of the week. Miss Ladwig came to attend the round of social affairs that are to be given this week for Miss Esther Shoemaker, who will be married Saturday evening.

Pickering Mothers Club.

The Pickering Mothers club met Friday afternoon at the home of Mrs. Dr. Crowson, with Mrs. Roy Wolfers, as leader. There was a fine attendance and the meeting proved one of the best the club has held. The next meeting will be with Mrs. C. A. Wolfers on Friday

day afternoon, April 4, with Mrs. W. R. McKee as leader. As a rest from the study of the public school question, each member will talk of the article she has read during the month that has been the greatest help to her. The public school question, as being conducted in the Ladies' Home Journal, will be taken up again in a few months. At Friday afternoon's meeting some very nice music was given, a piano solo by Miss Edith Jones, a vocal duet by Misses Edith Jones and Chloe Neal and a piano duet by Miss Irene Burk and Miss Chloe Neal.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the pride of every housekeeper. But is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush with each can of enamel only. Use BLACK SILK METAL POLISH for silver, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no oil for use on automobiles.

Black Silk Stove Polish Works

MOB ATTACKS SUFFRAGETTES

Threatens Women Who Try to Present Petition to King.

POLICE TAKE THEM TO JAIL.

Petition Contained Threat to Continue Militant Tactics—Crowd Resents Supposed Attempt to Interrupt Royal Pageant in London.

London, March 11.—There was a notable demonstration of hostility against the suffragettes by the vast throng gathered to see the royal procession. The five women required the protection of 100 policemen to keep back the mob, which was exasperated by the recent outrages of the militants.

While the king and queen were on their way to Westminster, five women attempted to approach his majesty in historic Whitehall. They carried petitions setting forth the grievances of women. The police promptly arrested the five and imprisoned them, although it looked for a time as if the crowd would overwhelm the police and administer punishment in summary fashion.

Two other suffragettes were arrested in the vicinity of Marlborough house and escaped rough handling only through energetic efforts of the police. Shouts of "Duck them!" "Into the lake with them!" brought together a mob of 2,000, all bent on taking the women from the hands of the police.

Speaking later in the day, Mrs. Emmeline Pankhurst referred to the women's attempt to present petitions to the king. She said:

"This perfectly constitutional action by the women has been called an insult to the king. An attempt is being made by interested politicians to draw the king and queen into the quarrel the women have with the government. We, as women, wish entirely to disassociate the quarrel from the monarchy and the petition had for its sole object the calling of the attention of parliament and the house to the seriousness of the situation."

An extract from the petition which the suffragettes tried to present to his majesty says: "If law and order are to be re-established in this realm, women must have the vote. Votes for women is the only cure for militancy."

WOMAN SHOWS UP POLICE

Wealthy Owner of Immoral Resorts Reveals Thirty Years' Grafting.

New York, March 11.—A book of graft history covering a period of thirty years was opened for District Attorney Whitman by Rosie Hertz, a wealthy and notorious keeper of disorderly resorts in this city.

This woman, sentenced to one year's imprisonment for running a house for immoral purposes, made a complete confession.

She disappointed the "system," which had hoped she would serve her time without telling what she knew, and paved the way, it is said, for prosecution not only of several high police officials, but for a number of politicians alleged to be allied with the "system."

Many subpoenas were issued as soon as the woman completed her disclosures and Mr. Whitman will be busy for the next few days examining witnesses who are expected to corroborate her story.

WILL USE PRAIRIE SCHOONER

Missouri Suffragists to Canvass All Counties of State.

St. Louis, March 11.—Missouri suffragists in their campaign for "votes for women" will use the old fashioned prairie schooner, and will speak to the rural voters from the tailboards. The campaign has been financed by the women.

"We expect to canvass all the counties of the state," said Mrs. George Gelhorn, president of the Missouri Equal Suffrage league, "and it is our purpose, where required, to get permission for our speakers to make addresses."

Moving picture shows will be used as an added attraction to draw crowds.

White House Will Be Dry.

Washington, March 11.—The Wilson administration will be "dry." The expression is used entirely in a sense that appeals to the inner man of the nation and not necessarily to those who look for stereotyped methods of government. It became known that President Wilson and his family, all of them, are averse to the use of liquor or wine in any form. Intoxicating liquors will have no place in the White House during the next four years unless the president's views undergo a sharp change.

Chicago May Have Police Women.

Chicago, March 11.—Mayor Carter Harrison returned to Chicago from York with a plan for having women police here. He said it might be possible to have several women placed as inspectors when the police reorganization plan is effected.

Hundreds of Persons Injured.

Glasgow, Scotland, March 11.—A terrific dynamite explosion wrecked the town of Irvine, in Ayrshire. The number of dead is not yet known. It is said that the injured number hundreds.

COMMISSION FORM FOR LEGISLATURE

Governor Hodges Advocates It in Special Message.

Topeka, March 11.—Governor George H. Hodges sent a message to the legislature urging commission form of legislative government. He proposes to replace present legislative representation with two members from each congressional district, who would devote their entire time to state business.

"In common with a large and growing number of thoughtful people," said the message, "I am persuaded that the instrumentalities for legislation provided for in our state constitution have become antiquated and inefficient. You senators and representatives cannot but observe the defects in our present system. After a brief session the legislature adjourns and the business of one coordinate branch of the state government is absolutely abandoned for a whole biennium. It is as if the head of an important department of some other big business should give only fifty days every two years to its management."

"I am aware of the veneration with which ancient institutions are regarded, but I see no reason why we should cling to these institutions in carrying on the all-important affairs of the state when in almost every other activity of life we are discarding old traditions for newer and progressive ideas and more efficient and economic methods."

EXPRESS BY PARCEL POST

Detroit Man Tests Suspicion That Companies Were Using Service.

Milwaukee, March 11.—A specific case has been found here in which an express company took advantage of the parcel post to save itself trouble and collect a good profit on Uncle Sam's activities.

The case has been laid before the local postal authorities, but it is not thought any action can be taken.

The specific shipment was a box of cigars from Detroit to Milwaukee, in which a Detroit man, about to visit here, decided to test out a suspicion that the express companies were using the parcel post. He addressed the box to a Milwaukee friend and paid 40 cents for the shipment. When he reached here he found the package delivered by parcel post, bearing 22 cents in postage stamps. The express company had made 18 cents on the shipment.

No Increase in Tax on Stock Deals.

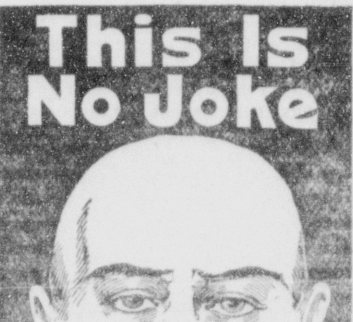

Albany, N. Y., March 11.—Governor Sulzer announced that the bill to double the state tax on transfers of stock is to be withdrawn. The measure was recommended by the governor's committee of inquiry as a means of increasing the state's revenues. It was bitterly opposed by Wall street. The present tax is \$2 on each 100 shares of stock transferred.

Wilson's Bodyguard Leaves for Texas.

Washington, March 11.—Captain Bill McDonald of Texas, personal bodyguard for President Wilson during the days after the Baltimore convention and before the election, is going back to Texas. He is tired of the effete east and its trappings and flourishes pall upon him. Captain Bill is a likely candidate for a United States marshalship in Texas.

Best Known Cough Remedy.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at the Orear-Henry Drug Co.—Advertisement.

Headquarters for

Up-to-Date Corsets

THE BON-TON and AMERICAN LADY are the leading Corsets today. They set the pace. The manufacturers of these Corsets are the oldest Corset manufacturers in the United States. They were the first to put this year's models before the public.

Our Corset Department is full of the latest styles. They have long and straight hip lines, eliminating all prominence of hips and abdomen, as well as the most graceful back. The bust line is low to conform with the latest requirements of Fashion.

Our corsetiers are thoroughly experienced. They will be able to fit you out in a model which you will claim was made for your particular figure.

Bon-Ton Corsets, \$3.00 to \$5.00
American Lady Corsets, \$1.00 to \$5.00
Royal Worcester Corsets, \$1.00 to \$3.00

\$5.00 Corsets \$3.00

On a special table we have a small lot of thoroughly up-to-date styles of Bon-Ton and American Lady Corsets which we are offering at big reductions. The styles are new, but the lines are somewhat broken. An over-stock compels us to make reductions. Values to \$5.00, for, \$3.00

Wayne Knit and Pony Hose

We have no hesitancy in recommending Wayne Knit and Pony Hose to our customers. In all the time we have been handling hosiery we have found no brand that would stand rough wear better. Our assortment is complete in all grades, weights and sizes, in cotton, lisle and silk. Prices 25c to \$2.00.

Silk Hose

Special lot of ladies' silk hose of good wearing qualities for 50c
Kayser Silk Hose, \$1.00 to \$1.50

Full line of Knit Summer Munsing wear that will please you.

Miss Frances Berg, who is attending the State Normal, spent Sunday near Conception at the home of her sister, Mrs. John Messbarger.

Mrs. J. S. Stewart returned to her home in Barnard Monday evening from a two days' visit with her mother, Mrs. W. M. Dempsey.

We will sell at the Vern Fakes farm, 9 miles north of Maryville, and 3 1/2 miles northwest of Pickering, on

Thursday, March 13th

Commencing at 10 o'clock, a. m., the following:

30 HEAD OF HORSES AND MULES—Consisting of 10 head of coming 3 year old mules, mostly mares, that are extra good; 8 head of 4 year old mules, broke; 6 head of 5 year old mules, broke; 1 pair of dapple gray horses, 8 years old and weigh 2650, one of the best pairs of horses to be found in the country; 7 year old mare in foal, weight 1300; 4 year old mare, weight 1200, an extra good one; 4 year old horse, weight 1200. The mules are an extra fine lot and cannot fail to merit your approval.

50 HEAD YEARLING CALVES. These calves have been on feed and are fat; a dandy lot to pick from. 30 head steers and 20 head of heifers, all of them A1.

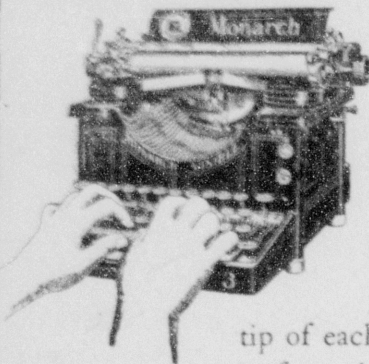

TERMS OF SALE—A credit of 3, 6 or 9 months time on a bankable note at 8 per cent from date. No property to be removed until settled for. Lunch by the Pickering Ladies' Aid.

R. P. Hosmer, Jim Brantler, Auctioneers.

W. W. Alexander, Clerk.

Better Stenographic Service

Did you ever notice that your stenographer does better work early in the day than she does toward night? This is probably the reason: At the tip of each finger, close to the surface, is a sensitive nerve terminal.

Now, the constant pounding that is necessary to get action from the stiff, heavy keys of the ordinary typewriter soon tires her out. You can overcome this daily "3 o'clock fatigue" by taking advantage of the

Monarch Light Touch

The Monarch has an exclusive type bar construction, which responds to the slightest pressure of the fingers and makes possible a maximum degree of efficiency.

Send for Monarch Literature

Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

Died in St. Joseph.

Max Stolls, who for six years was a blacksmith at Old Conception, died Saturday morning in the state hospital at St. Joseph, where he had been since last September. The body was brought to Conception Monday morning and buried in St. Columbus cemetery. The deceased is survived by his wife and her three daughters, between the ages of 10 and 15 years, and two sons of a former marriage.

Miss Grace Haller of Wilcox came to Maryville Monday for several days' visit with her cousin, Mrs. J. H. Porter.

Pneumonia Patient Better.

Mrs. Della Colvin of Elmo, 83 years old, who has been dangerously ill of pneumonia, is on the way to recovery.

Best for Skin Diseases.

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve, and nothing is better for burns or bruises. Soothes and heals. John Deye, of Gladwin, Mich., says, after suffering twelve years with skin ailment and spending \$400 in doctor's bills, Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by the Oreck-Henry Drug Co.—Advertisement.

WILSON RECEIVES THE DIPLOMATS

President Takes Part in His Most Formal Function.

VISITORS' UNIFORMS DAZZLE.

Jusserand, Dean of Diplomatic Corps, Replies to President's Speech—Secretary of State Bryan Makes an Impressive Address.

Washington, March 11.—While President Wilson already has dispensed with some of the formalities which hitherto have been observed by occupants of the White House, he demonstrated that he would observe to the letter the international amenities of his office.

Probably the most formal ceremony in which Mr. Wilson ever has participated was his presentation to the diplomatic corps accredited to Washington by the civilized nations of the globe. In a semicircle of brilliant color, their uniforms gilded profusely with the insignia of their rank, 146 foreign representatives stood in impressive silence while the new president of the United States and the secretary of state, William Jennings Bryan, entered through the big doors of the East room.

The president and Secretary Bryan wore the conventional frock suits of formal occasions in America. The president was accompanied by his chief aide, Colonel Spencer Cosby, and his personal aide, Major Thomas L. Rhoades. On each side of the entrance six White House aides, three from the army and three from the navy, stood at attention.

Diplomats Presented.

In groups of six and eight the diplomats and their staffs were arranged. Chandler Hale, third assistant secretary of state, presented the president first to Ambassador Jusserand of France, dean of the diplomatic corps. Mr. Bryan was presented with similar ceremony.

To each diplomat the president spoke a word of greeting, but the ceremony throughout was quite formal.

After the president had met individually the circle of diplomats he addressed them briefly, expressing the hope for the continuance of amicable relations between this nation and their respective countries and indulging the wish that their service in Washington might be personally enjoyable.

Secretary Bryan made a speech telling the corps of the earnest desire of the administration to strengthen the relations between the United States and other members of the great family of nations and spoke in an optimistic way of the possibility of accomplishing that result through the application of the principles of justice and equity in international dealings. Ambassador Jusserand, dean of the corps, replied and then personally presented the members of the diplomatic body to the new secretary of state. They were particularly impressed by Mr. Bryan's earnest appeal to them to call upon him personally and without restraint whenever they felt that the relations between their own governments and the United States demanded speedy consideration and action.

KNOX ROLLS PERFECT SCORE

Philadelphia Smashes All Records at Toledo Meet.

Toledo, March 11.—All records for an individual game in an American Bowling congress tournament were smashed when William J. Knox of Philadelphia rolled 300, a perfect score. Knox's count for three games in the individual competition was 672, which places him second in that event.

Knox's great score was made in the third game. In the first game he rolled but 173 and did not strike a record breaking ball until the middle of his second game. He finished the second game with five straight strikes, which gave a count of 199. As the pins continued to drop to perfect balls in the third game bowlers on the other alleys stopped to watch him and the big hall was silent except for the rumble of his ball and the crash of the pins. On his last ball one pin was freed for a moment and then fell into the pit amid a roar of applause from the spectators.

Wrecked Ship's Cargo Worth Million. Key West, Fla., March 11.—Every available vessel in the local harbor has gone to the assistance of the British steamer Lagan, ashore on Ajax reef, with a cargo of silks, wines and general merchandise estimated to be worth a million dollars. Reports received stated that the holds of the steamer were flooded. The wind is high and the heavy seas threatened to pound the steamer to pieces. The crew is on board.

Newton Is Secretary to McAdoo

Washington, March 11.—Bryan R. Newton of New York, formerly of the New York Herald, was appointed private secretary to Secretary McAdoo of the treasury department.

Dockery Is Nominated

Washington, March 11.—Nominations sent to the senate by President Wilson included: Third assistant postmaster general, Alexander M. Dockery of Missouri.

SONORA REBELS TAKE NACAZARI

Huerta Garrison is Driven from Important Mining Town.

IT RETREATS TO AGUA PRIETA

Commander Lopez is Fatally Wounded and Several Federals Killed—Another Detachment of Insurgents Begins Movement Upon Nogales.

Douglas, Ariz., March 11.—State troops and recruits of Sonora, rallying to the call of the state government to oust all of Huerta's federal soldiers from the border state, scored their first victory in wresting Nacazari, an important mining town below this point, from the federal garrison. The defeated federals not killed or captured arrived on a special train at Agua Prieta, opposite Douglas, their commander fatally wounded and twenty others hurt.

From various points along the Arizona border come reports of other movements of state troops against border and inland towns held by small federal garrisons. Nine hundred constitutionalists began moving against Nogales, Sonora, opposite the Arizona town of the same name.

Reliable reports give the constitutionalists' wounded at Nacazari as only nine. Lieutenant Colonel Lopez, the garrison commander, who was brought here with twenty other federal wounded, died on the way to a hospital on the American side. He was shot through the neck.

PATIENTS ARE IMPROVING

Friedmann's Tubercular Vaccine Is Proving Successful.

New York, March 11.—The patients in America to receive treatment for tuberculosis from Dr. Friedmann of Berlin already have begun to improve in health, according to Dr. Landesman, managing director of the People's hospital, where the Berlin physician demonstrated his treatment last week.

Dr. Landesman said the pains in the patients' chests have been allayed greatly and their coughing nearly had stopped. He referred to the treatment as remarkable.

Dr. Friedmann left for Canada, where he plans to give demonstrations of his treatment. He probably will administer his serum today to patients under the auspices of the Royal Edward institute in Montreal. He will attend a tuberculosis convention in Ottawa tomorrow and will demonstrate his vaccine there. He will treat 100 patients at the King Edward institute Wednesday.

Meantime the government officials who are investigating the remedy will gather more patients on which they will ask Dr. Friedmann to operate when he returns here Friday.

Firebug Makes Full Confession.

Chicago, March 11.—Benjamin Fink, alleged "firebug," has made a detailed confession. Implicating thirty-five members of the alleged arson trust, according to First Assistant State's Attorney Johnson. Fink has been under arrest in South Bend for two months, but has heretofore steadfastly denied any complicity in incendiary fires. The statement implicates several fire insurance adjusters who are said to be members of the combination which has mulcted insurance companies out of large sums.

Jim Hall Is Dying of Tuberculosis.

Neenah, Wis., March 11.—Jim Hall, a former well known puglist, was found dying of tuberculosis in a hotel. He is penniless and his once great physique has wasted away until he is hardly recognizable. Just twenty years ago Hall was knocked out in the fourth round by Robert Fitzsimmons at New Orleans for a purse of \$40,000.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Neenah, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Suffragists Going to World Meeting

New York, March 10.—Plans were announced here to have a number of women attend the convention of the International Women Suffragists in Budapest in June. It was decided to abandon a proposed globe trotting suffragist crusade that would have taken a yellow bannered special train through Siberia, China and Japan. The so called critical state of the suffrage fight in America was ascribed as the reason for this.

Pope's Ailment Not Serious.

Rome, March 10.—A marked improvement was noted in the condition of Pope Pius X., both the inflammation of the throat and the hoarseness being considerably diminished. The pope himself said he felt much relieved and hoped that his "tyrants" would allow him to resume at an early date the ordinary course of life.
